

Bible Verse

“Be devoted to one another in brotherly love. Honor one another above yourselves.”

Romans 12:10

Write the verse on a sheet of paper. Repeat the verse together. Now color over the word “another” and repeat the verse again. Then color over every word that contains an o. What’s left? Can you still repeat the verse?

Get into the Bible

- Read Proverbs 14:31. How does caring about the needs of poor people show how we feel about God? Talk about a way your family can honor God by helping someone in need.
- Read Acts 2:42-47. What did Jesus’ followers do to show their love for God and each other?
- Read 1 John 3:16-18. What can we do to show that God’s love is in us? Pray together, asking God to show your family a way to help someone in need.

Family Fridge Fun

Big Idea

God will help me notice and care about people’s needs the way Jesus did.

Check out Mark 6:30-44. **Who’s the friend who helps you the most?**

Connecting to Jesus

When a crowd of over 5,000 people was hungry, Jesus fed them! Even better, Jesus knew that they were also hungry to hear about God, so He taught them hour after hour—despite His own tiredness. Jesus knew what the people needed, and He met their every need. Just as Jesus cared for people when He lived on Earth so many years ago, Jesus cares for us today. God sent Him to be our Savior and to provide for all our needs.

Just for Fun

Take turns trying on a pair of 3-D glasses. Try walking across the room and picking up an object. How is it different with the glasses on? Is it harder or easier? (If you don’t have 3-D glasses, use binoculars instead.)

For us to care about other people the way Jesus does, it’s a little like putting on 3-D glasses—we have to see differently! We can ask God to help us see people’s needs and to help us know how to take care of those needs. He will help us show His love!
